American Rescue Plan (ARP) Spending Plan Reporting

1. Have you made changes to your approved ARP - ESSER application?

- YES, the LEA has made changes to your approved ARP ESSER application.
- NO, the LEA has not made changes to your approved ARP ESSER application.

1a. Please provide a summary of those changes and the need informing those changes.

There has been a single ammendment application provided to the ESSA Program Office and approved by that office on June 6, 2022. This was a minor modification to reclassify money originally designated for COVID testing to increase the allocation for other previously approved categories of expenditure from the original application. As the environment changes to reduce the need to use funding for COVID testing, the ammendment requested and approved moved funding to a catagory of expenditure and purpose of expenditure that had already been approved by the ESSA Program Office and received public comment during the original application process.

2. Please provide an analysis of public comment for the updated American Rescue Plan (ARP) - Elementary and Secondary School Emergency Relief (ESSER) funding.

As reported previously in the original application for ARP ESSER funding, public presentation and comment on the original ARP ESSER plan was conducted as part of the original applicaitn process. Modification and amendments are discussed in public board meetings where public comment is also available. The ammendment in question did not change the overall purposes or rationale for broad categories of expenditure originally approved.

3. Please provide a description of program goals and per pupil teacher ratios for priorities supported by ARP - ESSER funding. Click on "Add Row" as needed to include additional program goals.

Program Goals	Per Pupil Teacher Ratios (# : #)
The program goals addressed in the ARP ESSER Funding will include Safe Return to Schooll after COVID, Addressing Learning Loss that occured during COVID, Implementing Evidence Based Stratagies to improve student learning, and Evidence Based Extended Learning Time for Students. As the programs designed for funding under ARP ESSER are generally addressing District wide learning we are providing the District wide pupil to teacher ratio of 9.	9.0
