State Performance Plan Indicator 7: Preschool Outcomes

This Indicator measures percent of preschool children aged 3 through 5 with IEPs who demonstrate improvement in three outcome areas:

- Positive social-emotional skills (including social relationships);
- Acquisition and use of knowledge and skills (including early language/communication and early literacy); and
- Use of appropriate behaviors to meet their needs.

Who are the students included in this indicator?

What is the data source?

How are results calculated?
