When the safe or vault where the Regents boxes are stored is unlocked, it must be kept under continuous supervision by school personnel. Additionally, the locked Regents boxes must be visually checked daily by the person in charge of the administration of the examinations to ensure that they have not been tampered with and that their contents remain secure.

The sealed packages containing examination booklets and teacher dictation copies must not be opened until the day each examination is scheduled to be administered, and no earlier than is necessary for distribution to proctors.

Scoring key packages must be kept secure and may not be opened until after the Uniform Statewide Admission Deadline of 9:15 a.m. for morning examinations and 1:15 p.m. for afternoon examinations. The principal must notify the Department via fax if any packages of secure examination materials were not sealed properly when received.
